Dear Mr. Eisenberg:

We are updating our catalogue of funding sources and would like to ask for your cooperation. Would you be kind enough to forward to our office information on research grant programs offered by your organization as well as any relevant application forms. If you send this information routinely, please ensure that we are on your mailing list.

Also, for your information, we have attached a telephone listing of McGill University's Research Grants Office personnel and signatures of those who are authorized to sign grants and sponsored research agreements on behalf of the university.

Thank you in advance for your assistance.

Sincerely,

Nancy Kwan
